

# JOB-SHARE PROGRAMME

## 1 WHAT IS JOB-SHARING?

### Split the schedule, not the standard

Two professionals share one role, dividing responsibilities and schedule while delivering the same high standard of work.

## WHY?

## 2 SHARE THE LOAD

### Two people, one job, less pressure

Divide hours and responsibilities with a trusted partner while maintaining a smooth workflow. Enjoy combined skills, creative problem solving and more energy.

## 3 LEARN FROM EACH OTHER

### Two sets of skills make one stronger team

Bring two sets of skills and experience to one role, and pick up new techniques and problem-solving approaches along the way.

## 4 MAKE THE INDUSTRY WORK FOR YOU

### Life-work balance without stalling your career.

Balance your personal life with a sustainable, long-term career in film and TV without burning out.

## 5 BUILD CONFIDENCE TOGETHER

### Someone always has your back

Having a partner in the same role means support through challenges, reassurance on tough days, and a stronger overall performance.

## 6 KEEP YOUR CAREER MOVING

### Stay on top of your game while staying flexible

Remain involved in high-level productions while maintaining flexibility for family, study, or other commitments. You don't have to step back to stay in the game.
